AGO AG enters into framework agreement with EnBW

► **AGO enters into a framework agreement with EnBW Energy Solutions GmbH (ESG) on a plant construction cooperation for ESG's contracting projects**

Kulmbach, 12 May 2010: AGO AG Energie + Anlagen (cusip number: A0LR41, ISIN: DE000A0LR415) and EnBW Energy Solutions GmbH (in short: ESG), Stuttgart, a 100 % subsidiary of EnBW Energie Baden-Württemberg AG, Karlsruhe, have entered into a framework agreement. The contract includes the joint project development and implementation of selected contracting processes of ESG in Germany for the plant construction of which AGO AG will be responsible.

About AGO AG Energie + Anlagen:

The company with company headquarters in Kulmbach which was founded in 1980 is a specialist in the area of innovative and efficient energy supply and facilities. AGO AG focuses on the three business segments project development and implementation, operation of facilities as well as service & consulting. The company's core competences are mainly biomass cogeneration plants, cogeneration plants, heat and refrigeration plants, trigeneration as well as contracting. Location studies / location development, energy efficiency consulting, raw material and fuel management as well as emissions trading round off the business model. AGO stands for efficiency, reliability and technological competence for your energy supply plants.

About EnBW Energy Solutions GmbH:

ESG offers its clients package solutions for energy and medium supply as contracting models. Starting with initial analyses and feasibility studies, ESG designs, finances and constructs local plants for the generation of heat, steam, cold and compressed air as well as highly efficient cogeneration plants for the customer. In addition to that, ESG together with its clients develops the most optimal model of operation. ESG is one of Germany's leading contracting companies.
